An act to amend Section 4076.5 of the Business and Professions Code, relating to pharmacy.

LEGISLATIVE COUNSEL'S DIGEST

SB 1390, as amended, Corbett. Prescription drug labels.

Existing law, the Pharmacy Law, provides for the licensure and regulation of the practice of pharmacy by the California State Board of Pharmacy. Existing law requires the board to promulgate regulations that require, on or before January 1, 2011, a standardized, patient-centered, prescription drug label on all prescription medication dispensed to patients in California.

This bill would authorize the board to exempt *from these regulatory requirements* certain prescriptions dispensed to patients in a long-term health care facility ~~from these regulatory requirements~~.
